Profile

Sai Freight Services has emerged as a leading Logistics service provider in the INDIA. In this short span, the Company has been able to entrench itself as a niche choice for a large number of Indian exporters & importers for any of their logistic needs and that so at global level.

Working on the principles of Partnership, Proficiency and Quality management, Sai Freight Services has created a win-win situation where its customers get one stop solution for any sea, land and air cargo transportation, direct outbound and inbound services to & from major cargo destinations worldwide and honored us by symbolizing as most reliable and trusted Freight Forwarder in the Indian market.

Sai Freight Services success stems from its commitment for providing world class logistics services for the international trade and intensive experience of our team combined with our strong net work. At Sai Freight Services, the customer remains the focal point and offered customized solutions to their need. This enthuses us to offer innovative solutions and in turn enhance our performance standards. We have thus added a host of services to our existing portfolio and have emerged as an integrated logistics player in the country.
